Denver, CO · (440) 623-1370 · jcmargheret@live.com · linkedin.com/in/johnathan-margheret-902886177 · github.com/SpartanMods

Product leader with 6+ years of experience building B2B SaaS, enterprise data platforms, AI-powered applications, and analytics products. Track record of delivering measurable outcomes: \$300K+ in annual savings, \$1.5M in pipeline generated, and 800% growth in analytics adoption. Skilled at bridging executive leadership, engineering, and business stakeholders in complex, regulated environments.

PROFESSIONAL EXPERIENCE

Product Manager, Enterprise Data Products

TEAM Services Group · Denver, CO

2024 – Present

- Led 0-to-1 build of unified data product aggregating 16 organizations' data in under 6 months
- Delivered AI-powered document processing application saving \$300K+ annually in manual compliance workflows
- Own end-to-end roadmap and delivery across Snowflake, dbt, Dagster, Power BI, and Streamlit
- Manage data integration architecture spanning 120+ source systems across payroll, operations, and clinical platforms
- Lead cross-functional data engineering and analytics team; drove Agile adoption across the data organization
- Partner with executive leadership across 15+ brands to deliver an outcome-driven enterprise data roadmap

Product Owner, Data Platforms

Procare Solutions · Denver, CO

2022 – 2024

- Built ML-powered lead generation platform generating \$1.5M in pipeline and saving \$80K annually in acquisition costs
- Grew monthly active analytics users by 375% and overall platform usage by 800% in six months
- Delivered predictive churn model using machine learning, protecting an estimated \$100K ARR
- Implemented customer matching solution identifying 3,000+ unbilled or incorrectly billed accounts
- Increased team delivery velocity by 300% through Agile and Scrum implementation
- Drove AI-powered sales rep coaching capability: LLM-generated activity summaries integrated into CRM workflows

Product Operations Specialist

Procare Solutions · Denver, CO

2022 – 2023

- Subject matter expert for product analysis, go-to-market execution, and cross-team collaboration
- Created and led GTM processes for all 6 Procare products
- Pendo SME: collected and reported on feature adoption across the platform

Associate Product Manager

Seamless.AI · Cleveland, OH

2021 – 2022

- Managed and continuously prioritized the product backlog for a high-growth AI sales intelligence platform
- Architected and maintained the end-to-end product intake flow and automation for the company
- Drove cross-functional alignment across support, sales, and executive leadership on roadmap and delivery

Product Manager Intern

Seamless.AI · Cleveland, OH

2019 – 2021

- Developed wireframes, requirement systems, and user journeys for shipped product capabilities

→ Designed and launched company product blog from scratch
